### Letter from the Chairwoman

Welcome to Mohave County Republican Central Committee's 1<sup>st</sup> Monthly Newsletter.

As PC's we need to concentrate on winning the Republican seat in the 2024 Presidential Election. It won't be easy and there will be many distractions....don't succumb to the distractions! The strategy for the Dems is to divide us every chance they can get.

For example, we all love Trump don't we? Most likely all of us believe Trump's Presidency was **STOLEN**. ...you can't deny the fact that Trump deserves his job to Make America Great Again back again.

....but then again here comes a Florida Governor that has the Trump Courage, level headed experience and would make a grand President.

So, half of you get in Trump's camp and the other half get in DeSantis camp.....can you see the divide? Can you see the distraction? Don't let the Democrats strategy work.

Prior to the Primary you might have called your contenders names, you insult them and threw political decorum out the window. You divided our party even more.

Finally, when the dust settled you find out the two candidates were actually playing us all along and they run together in one ticket....now what?

Do you throw a tantrum like some did that claimed to be Republicans and vote for the Democrat just so they don't vote for the contender they hated so badly? (This actually happened with a losing Republican candidate in the last election).

When this happens, what do we end up with? **A FRACTURED GOP!**.....don't fall for it! This is what the Democrats want, the only way they can win is if we keep destroying ourselves from within.

Primaries are hard, you have to choose a candidate amongst many that practice your beliefs, your conservatism, your patriotism, etc. You must choose one that aligns the best with your convictions.

If your candidate does not win, of course you are heartbroken, but don't be angry. Of course, you will be disappointed, but don't be stupid. Stand behind the Republican candidate that won the seat, wipe your wounds, smile at whom are now your partners with and support that candidate 100%. It is the process, it's not a perfect process and could be broken at times, but it is our Constitutional right to vote and as Republican PC's it is our duty to stand behind the republican candidates. By working together, we will be helping our candidates win over the Democrats and that is our goal.

**WE NEED TO WORK TOGETHER,  
WE NEED TO FORGIVE THE PAST,  
WE NEED TO BURY THE GRUDGES!**

2024 is how we prove to the world the Republican message is strong.

**Jeanne Kentch**  
Chairwoman  
Mohave County Republican Central Committee

## District directors

### District 1

**Jeffrey Ryder**  
2116 Stockton Hill  
Rd Ste. B  
Kingman, AZ 86401  
(928) 279-1411

As a new Director for District 1, I am grateful to our outgoing Director, Alice Van Stockum for the training and support, in the transition. Her mentorship has been invaluable as I learn the nuances of the position. Alice also agreed to stay on as Fundraising Coordinator and has been innovative in creating additional ways of raising funds.

We have rearranged the office to make it more open and inviting for the office workers and visitors and allows us to better display our GOP merchandise. We've added a camera for security and do the best we can to make sure there is always at least 2 people in the office at all times. We have several new volunteers for office hours to accomplish this. Our office hours are still: 10am – 4pm Monday through Thursday and 10am – 3pm on Friday. Here are our new officers: Treasurer: Heidi Nelson, Office Coordinator/Scheduler: Ann Buckner, Administrative assistant: Barb Carpenter, Fundraiser/ Event Coordinator: Alice Van Stockum, Voter Registration Coordinator: Allison Baskin, IT Support: Rick Stotts, Merchandise Coordinator: Margie Hoff, Office Manager: Tim Griep. Recently, we worked closely with Jen Wright and Shelby Busch from Abe Hamedeh's legal team, doing a phone bank for provisional ballots, meeting with disenfranchised voters and taking declarations. We have had approximately 5 new voter registration and 8 new PC's . Our focus is on training for new PC's and ensuring we have PC Captains for each precinct. I've also spoken with Ted Boyd about developing a PC Captain training.

The latest from district 2, as we close out the quarter, our office is doing well. The transition of outgoing director and new director was great. Lots of shared information and key contacts were discussed. New business and future events planning were major topics.

We are in the process of finalizing the America First Dinner event, raffles, drawings, decorations and dinner. We have signed up several new Precinct Committeemen (PC's) and identified PC captains for our precincts. We have 2 (two) events for the first week in April. We will have a vendor's booth at the Bullhead City airport on April 1<sup>st</sup> and the quarterly meeting also on the same day. Our key people will be covering both.

We have also been active with "We the People AZ. Alliance "voter records. This is regarding Provisional Ballots and the current handling and processing of same.

On a sad note, last week we lost one of our dear friends and PC. Mr. Roger Irwin, a true patriot and dedicated party supporter. He was loved by all and will be missed. Our prayers go out to his family.

### District 2

**Cary Aseel**  
1185 Hancock Rd  
Ste 1  
Bullhead City, AZ  
86442  
(928) 758-4467

### District 3

**Betsy Painton**  
2176 McCulloch  
Ste 2  
Lake Havasu City,  
AZ 86403  
(928) 855-8006

Having been elected as District 3 Director in January, I have made many positive changes to our district. Starting with the Headquarters; I have a new District 3 Board consisting of myself, Treasurer Pam Ford, Secretary Stefanie Michels, Office Manager Margie Meeks, PC Coordinator Holly Ontiveros, and PC Educator/GOPMAL Ted Boyd. We have also added 26 new office volunteers and have expanded our hours to 9am-5pm.

Headquarters has been cleaned up and organized to make it more welcoming to people visiting us. I have started a monthly "Open House," that we have on the 4th Friday of each month. We have had two so far and have been meeting new people, signing up PC's, and registering new or changed voters during this time. We have decided to reach out to the community to attend many events in town. We started with WinterFest on Feb 4th and 5th with a lot of visitors at our booth. We plan on many more events including the Swap meet, to get the word out. We had our LDD on Feb 18<sup>th</sup> and sold more tickets this year than in past years. Our most recent event was our first PC Meet & Greet, on March 11th, for educating our PC's. We plan on continuing the Meet & Greets every two months at different businesses around Lake Havasu City. I feel that with this new board, the positive energy, and the overwhelming success of all the new volunteers and PC's we are going to have a great future, in District 3!

# Committee Chairman's Report

## Communications Committee

April, 2023

The newly appointed communication's committee met during the month of February to organize and begin operations.

Prior to this meeting, Chairwoman Jeanne Kentch tasked the Committee with the following responsibilities:

1. Newsletter
2. Website
3. Social Media
4. Parade Float
5. Blog
6. Media
7. Videos
8. Publicity

The first in-person meeting as held at the District 1 Headquarters in Kingman, with future quarterly meetings to be rotated between the 3 major cities. Between the quarterly meetings, it is planned to hold virtual meetings at least monthly via SKYPE.

During the first meeting, Rick Stotts volunteered to serve as the Committee's Secretary. Karen Flenniken was appointed Editor in Chief of the newsletter assisted by Rick Stotts. Harold Meeks has taken on the task of decorating and making the parade float highway ready. Stanly Hicks and Rick Stotts are preparing the Committee's Policies and Procedures Manual. MCGOPCC 1st Vice Chairwoman Ashley Gerich (ex officio) assisted by Rick Stotts will explore a blog using the AV equipment and skills of "Boomer" Bob Morrow. Ex officio member Chairwoman Jeanne Kentch will continue handling the social media posts until a committee member is brought up to speed.

A virtual meeting was held during March, mainly to report progress on the various fronts. The newsletter is looking at early April for the first issue. If you have an item that you believe might be of interest to the group, please submit it using the following link:

# Support A Cause

## Support the Border Defenders

**From District 1 Director Jeff Ryder:**

For any of you who were at the PC meeting on Monday the 20th you heard a very compelling presentation from John Alexander, on what's really going on at our southern border. We are putting together a supply drive to help the patriots who are working with the Border Patrol to protect our border. Or any thing you can think of for guys camping at the border. We will be collecting these items at the GOP office in Kingman. You can also bring them to the Quarterly meeting in Lake Havasu. We will need them before April 10th to get them to John Alexander (one of our PC's) who will be headed down to the border on April 12th.

**Some of the things they would need donations for are:**

- ◆ Canned or Dry Goods
- ◆ Camping gear
- ◆ Rubber Gloves
- ◆ Sani wipes
- ◆ Coffee
- ◆ Toilet Paper
- ◆ Batteries
- ◆ Bottled Water
- ◆ Propane Bottles
- ◆ Powdered Energy Drinks
- ◆ First Aid Kits
- ◆ FLAGS!

# Letter's to the Editor Campaign

**A**nytime you feel compelled to say something about a political issue that is bothering you, or even something good, please just say it! But do so in writing and send it to the local newspaper. The news is inundated with Liberal articles and this is a great way to get our message out. Below we have listed the ways to send in a Letter to the Editor or a shorter version for each of the local newspapers. And while you are sending one to your local newspaper why not send a copy of it to the other three. We will be watching them closely and post them in our monthly newsletter.

## [Havasunews.com](#)

Click on the link, fill out the form and paste in your letter they have 300-word limit:

## President—Conservative Republican Club of Kingman Laurence Schiff, M.D.

**A**s I tend to follow the news all over the world, I see the devastation wrought by socialism in country after country. I know in Kingman, Arizona we're not particularly impacted by the millions marching in France, or the fact that in South Africa food is rotting because in the formerly richest country in Africa the electricity is on only eight hours a day and the crime rate is higher than in Sinaloa, Mexico. But those are literally the "canaries in the coal mine", coming soon to a city near you. Yet there are success stories in elections. In the Netherlands, the leftist government was demanding farmers stop producing meat and using fertilizer, in the name of preventing, you guessed it, climate change. And the people rose up and elected a conservative legislature. And it can happen here too, and if we put aside our frustration and "control what we can control" it will in 2024. To assist in that, for our April 10th meeting at 11:45 AM at the Fraternal Order of Eagles Lodge, our guest speaker(s) will be from the The American Majority. That group is dedicated to training conservative activists. It was founded by Ned Ryun, who many of you may know from his frequent appearances on Tucker Carlson. The purpose of their talk will be to of course tell you about the organization,

and to have a brief tutorial on how to channel your frustration into political action. I've known the speakers, Tracy and Dawn, from various political campaigns (fun fact - Tracy bears a striking resemblance to Krysten Sinema!) and, trust me, they'll get you motivated. For our April meeting, we'll also have a 50/50 AND for those who participate in the 50/50, we'll also have a drawing for 2 free tickets to the April 22nd Lincoln Day Dinner at the Fairgrounds. We'll also announce our logo contest for the newsletter, with a nice prize to go to the winner. So as the weather warms up, I hope our ardor for politics does as well. I'll be working hard to make our meetings fun and informative, come on down and get active. And always feel free to contact me with your thoughts and suggestions.

# Liberals—The Party of Deniers

**A**s we look back over the last two-and-a half years we have witnessed many changes in American society. It is in my opinion much of this is based on outright lies. All parties lie and this has continued for years. We have seen more out and out lies over the past two-and-a half years than years past. What I am listing in the article is proven with video evidence and I cannot ignore my lying eyes. Much of this depends on which network you watch, again, untruths coming from all networks to varying degrees. It's best to either not watch network news or skip around and decide for yourself. Gaslighting seems to be rampant, and I see most of this on CNN, MSNBC, ABC, and CBS, just to name a few.

I have seen videos on all I've listed in this article. Most of these videos are seen on Newmax and Fox. I am not endorsing these channels, but it is where I have seen these video recordings coming directly from the horse's mouth. It is very hard to believe my lying eyes.

I will begin with "The Border is closed", The Jan 6th riot was an armed insurrection and there were 5 officers killed on Jan 6th. Death records prove this is a total lie. We have heard the Covid vaccine would keep you from catching and spreading the Covid virus. We have witnessed the so-called "QAnon shaman" was an armed terrorist, the Jan 6th riot was worse than the Civil war, Pearl Harbor, 911. We have seen where Biden ignored his top military commanders during the withdrawal from Afghanistan. It has been reported that Covid vaccine did not escape from the Wuhan lab, but more likely spread from animal to humans at the wet market. At least two of our intelligent agencies have reached this conclusion. It has also been stated we may never know for sure unless China releases the records. It seems there are a few government agencies that have

chosen to not reach this conclusion, perhaps for political reasons. I have my suspicions.

Others include, Biden said he never spoke to Hunter about his offshore business dealing. We have heard that Hunter's laptop was planted by Russia, and President Biden didn't share office space with Hunter, his business partners, and a representative of the CCP. We have heard that the Biden family didn't receive any money from China, Ukraine, Russia, and other countries, and this is not a threat to National security. We have heard President Biden and his entire administration claim MAGA white supremacist are the biggest threat to our Democracy. We have heard our President claim that the fentanyl crisis is lower than ever before.

We have seen where the "armed insurrection" is a national threat where the summer riots in 2020 seemed to be labeled just the opposite. We have heard the democrats say the Republican Party will end Social Security and Medicare. They stated that inflation was transitory.

We have seen Fauci state the NIH did not financially support gain of function research, Fauci has yet to be convicted, and I'm not holding my breath. We haven't seen many Washington elitists be convicted, but we continue to watch the democrats do everything possible to convict President Trump. Zero convictions despite non-stop attempts.

Now a few things in my opinion. "Climate Change" aka the New World religion. This is the only religion whose main doctrine is fear. Either the world is warming, the oceans will rise and we will all die on the face of the earth. This has been predicted for years. The oceans have risen about 8" over the past 100 years. If we use these historical averages, at my current

elevation of 550 feet, I have 6,875 years before my life will be threatened.

In my lifetime we have gone from global ice age fear to now global warming fear. The earth has evolved for billions of years. I have my doubts we will be able to change how the earth evolves. I wonder if the dinosaurs created their extinction by using too much fossil fuel. Maybe they ate all the vegetation and their excretions caused too much carbon dioxide warming the planet and they all drowned by rising seas.

We are clearly seeing a drought in the west. Do you remember the dust bowls in the 1930's? Do you remember record rainfall in the 1980's? Droughts come and go and we need mother earth to end this inconvenience. Maybe the Climate change gods will change this. Or maybe we can fix this with solar and wind. I have my doubts. I do agree there is too much pollution on earth and plastics are bad news. We can improve both with advancing technologies.

Where will it all end? Fear is not in my DNA and I refuse to surrender.

May God bless our nation.
