## Letter from the Chairwoman

## Jeanne Kentch

**H**ello Mohave County Republican Central Committee Precinct Committee Members....

Holy cow, I take the prize for the longest greeting.....for certain.

Hello MCRCC PC's....is that better?

I am here to get you excited and give you confidence in our County GOP.

MCRCC has been forging a trail so deep we just might be forced to pave it.

MCRCC's most current Committee creations have received a very positive and fruitful reception from folks all around Mohave County including beyond within our great state of Arizona.

Our new committees have been stepping up the game and successfully producing home runs.

I cannot be more proud of our committees and their chairs.

If you see a committee below you are interested in being involved with, please reach out to the chair to volunteer.

Appointed committee positions are currently filled, replaced with attrition or increased in members with need.

We are thrilled with the production of each and every committee, to think we just started in January.

I look forward to their exciting reports at our next quarterly meeting.

Watch out Arizona, here comes Mohave County!

If MCRCC must carry the entire state, so be it...we are ready to step up to the plate, you with me?

**Information about each committee can be found on page 5, 6, 7, 8**

# HOT OFF THE PRESS!

## LEGISLATIVE DISTRICT 30 DREAM TEAM

**SENATOR BORRELLI**

**REP. BIASUCCI**

**REP. GILLETTE**

## LADIES AND GENTLEMEN, WE HAVE A BUDGET!

**A**fter months of negotiations, we were able to pass a budget for the state of Arizona! When Governor Hobbs came into office, she demanded funding for abortion clinics, defunding the border strike force, defunding ESA's, and funding illegal immigrants to attend universities. I'm proud to say, she didn't receive a single one of those socialist asks in the budget. Instead, we pushed back and did the exact opposite. We increased ESA's by \$400 million dollars. We funded our local border law enforcement agencies with \$40 million dollars. We invested \$600 million dollars into our roads and bridges. We invested \$133 million dollars into water preservation projects. And we provided a \$250 million dollar tax rebate to Arizona families. In other words, we passed a Republican friendly budget while Governor Hobbs and the Democrats stood by asking what just happened to them. This is what happens when you have strong leaders representing you down at the Capitol!

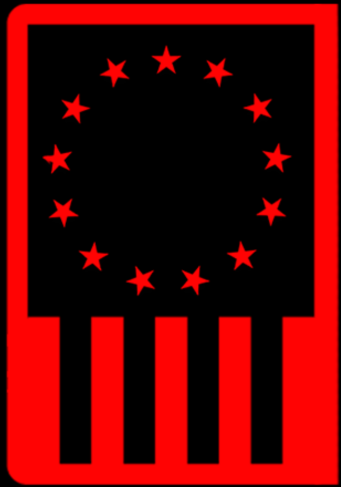

Furthermore, with the passing of SCR1037, we just did something that might just save our elections. Senator Borrelli sponsored SCR1037, a Senate concurrent resolution that just gave power back to the legislature when it comes to our elections. The resolution simply states that the legislature is exercising our plenary authority to see that no electronic voting systems in the state of Arizona are used as the primary method for conducting, counting, tabulating, or verifying federal elections unless those systems meet necessary standards of protection. So if the machines do not meet the standards of protection set forth by Homeland Security, they can't be used as a primary method to count votes. It's time we go back to hand counts!

### WHAT DID WE GET DONE FOR DISTRICT 30?

Year after year, we continue to fight for rural Arizona. This year was no different. Here are the amazing items we secured funding for in this years budget:

1. \$8 million for turn lanes on Highway 95 in Bullhead City
2. \$9 million for Mohave County Sheriff to build/remodel 4 substations( Lake Havasu, Beaver Dam, Mohave Valley, and the boat safety center on the Colorado River)
3. \$3.4 million for the Kingman wash recharge basin
4. \$35 million for the 2nd bridge in Lake Havasu
5. \$900k for the La Paz County Sheriff Department Dispatch Center
6. \$1.4 million for Wickenburg Fire
7. \$500k for Mohave County Sheriff Mobile Command Center
8. \$5 million for the State Lake Improvement Fund

REAL NEWS. GREAT SHOWS.

# District Office News

## District 1

### **Jeffrey Ryder**

2116 Stockton Hill Rd Ste. B  
Kingman, AZ 86401  
(928) 279-1411

The results are in for our Lincoln Day Dinner fundraiser. We were well over budget which definitely allows us to keep the doors open for another year. Our Local Artist Showcase is Saturday June third from 1pm to 4pm at the Little Old Wine Drinkers Winery in North Kingman Valle Vista area. Call the office at 928 279 1711 for details and tickets. Come out and support our local artists! We are forming our voter registration team to GOTV. Our PC Coordinator Robert Mawhinney and our Voter Registration Coordinator Allison Baskin, will be heading that effort. The first meeting will be Tuesday June 6th. Meetings at the precinct level will continue until we have captains in each precinct. We had 5 new PC's in May and continue to see excellent growth month to month. We had 3 new voter registrations this month.

## District 2

### **Cary Asel**

1185 Hancock Rd Ste 1  
Bullhead City, AZ 86442  
(928) 758-4467

District 2 office is doing well, lots of interest in the Liz Harris issue as well as Abe Hamedeh's legal group and the follow up on Provisional Ballot processing. We get a great amount of feedback from both PC's and our walk-in visitors. We all share the same thoughts and concerns.

Our current events have gone very well, the Bullhead City Airport event was great and did both voter registrations and applications for PC's. An awesome show for all to see, the food court was packed. lots of interest in our booth and our goal in the community.

The American First Dinner was a huge success. We surpassed our last two (2) years in dinner sales and auction item revenue. The 50/50 drawing gross was a bit short of our goal but did well. Several guest speakers provided updates on the current issues we face daily. Our speaker, Mr. Scott Pressler addressed voter turnout, registration, and new tools to look at. He will be back in Sept. to help and to review voter counting procedures. We would like to thank all our sponsors and the committees for doing a great job. A great night and fun for all.

We had a good meeting with the County Records office and the focus was on Provisional Ballots and the processing of same. Training is key to the proper use of Provisional Balloting, using Voter Registration 101: WHO, WHERE, and When. The county recorder's office has offered their help to support this effort. We have formed a 4-person registration team and chairperson to work with and train the PC captains.

The GOP picnic team is busy getting ready for a great turn out. Ticket sales start next month for entry and lunch. There will be no district booths this year, but vendor booths or individual booths are available. It is scheduled for July 29th.

Respectfully submitted.

Cary Asel

## District 3

### **Betsy Painton**

2176 McCulloch Ste 2  
Lake Havasu City, AZ 86403  
(928) 855-8006

I am Betsy Painton, District 3 Director. This is my report for May.

**GOP Headquarters:**  
We currently have 34 office volunteers holding down the fort on McCulloch. The office is running smoothly.

**Open House:**  
We had a very successful OPEN HOUSE in May. Our neighbors within the strip mall are very grateful for our new office hours and traffic as well.

**Board Meetings:**  
Our District 3 board is working very hard to get ready for the upcoming 2024 election. We are currently in the process of electing PC Captains.

**PC Captains**  
We are getting ready to elect PC Captains. Once we have the captains and our PCs are ready to roll, we will be hitting the streets and knocking on doors. First things, first, we are going to clean up our Republican Voter Roll by going out to see why Republicans are not going to the polls. We are going to try to get a better turnout in 2024.  
PC Captains and teams will also start writing letters to the editor, register more voters, and begin to vet the local candidates for city council and school board.  
We currently have 90 PCs – 10 are inactive and 80 are active. Our goal for PC Captains is to continue to work on getting all 80 more active

That is a wrap up on our May 2023 Report.

Thank you.

# Committee Reports

## Communications Committee

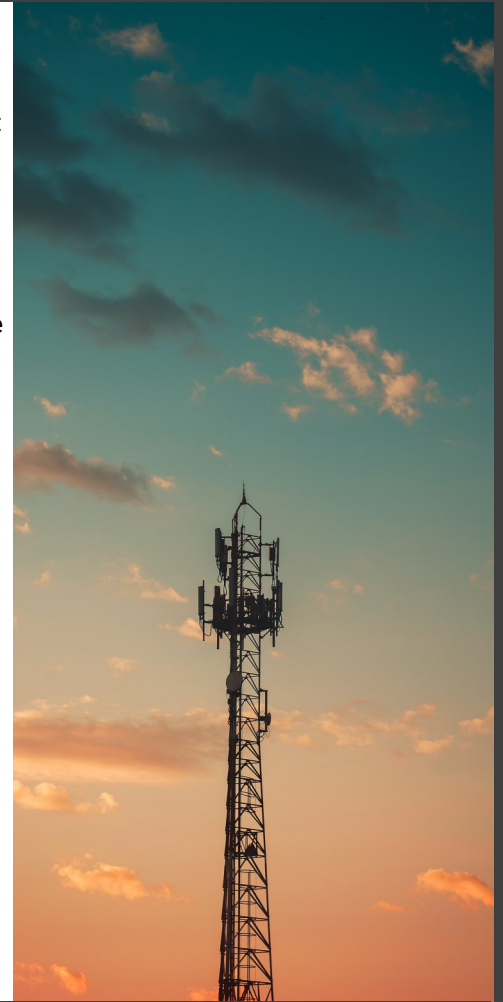

Welcome to the 3rd issue of our Newsletter. As we had hoped, this new vehicle has been well received, but not without some misunderstandings. Perhaps, this is where I might take several lines to discuss what the purpose and intent if this newsletter is:

1. The Communications Committee has been tasked with a number of the Central Committee's communications responsibilities of which the newly created Newsletter is one.
2. The Primary audience for the Newsletter is the membership of the Mohave County Republican Central Committee. (MCRCC)
3. The Newsletter seeks to be a source as well as a repository for information that may be of use to its' primary audience.
4. Following the Rules adopted by the State Party, it is the policy of the MCRCC not to publicly endorse any candidate for any office prior to the Primary Election. However, this does not prohibit potential candidates from advertising prior to the Primary Election.
5. The MCRCC membership is encouraged to submit Opinions on any subject. However, the decision on whether to publish any particular submission rests solely with the Newsletter Editorial Staff. The criteria for selections to be published may be published in a future issue of the Newsletter. Please limit submissions to 300 words.
6. The membership is also encouraged to submit photographs, weblinks, etc., which may be of interest to the membership. Photographs showing people should be captioned with each subject's identity, and a description of the activity or event depicted. Similar rules governing publication will be in effect.

Due to personal commitments, several Committee Staff positions have opened up. If you would like to be considered to fill one of these positions, please use the submission form with the words "I'm a team Player" and your contact information and we'll get back to you.

Respectfully submitted,

**Cliff Monzeglio,**  
Chairman  
Communications Committee

## Committee Focus

All types of communications and marketing for all MCRCC news and events in multiple formats throughout the county

- Website
- Newsletter
- Videos
- Photographs
- Parades
- Facebook
- Twitter
- Rumble
- Instagram
- Much, much more!

This committee will be a year round commitment. Can you imagine how exciting it can be to top off our fine reputation in the state with some creative, timely, uplifting & current events while using the popular formats to distribute our news?

We have the "Boots on the Ground" campaign to start us off, we need to expand every aspect of formatting to include social media, radio, newsletter and even walking down the street in a parade. This is all about marketing MCRCC and the Republican Party.

Check out our current website now, but be patient, we have a new website coming just around the corner that will knock your socks off. We will unveil when its time....but BE EXCITED!! [www.mohavecountygop.com](http://www.mohavecountygop.com)

# Committee Reports

## Electioneering Committee

Dear Mohave County Republicans,

I am honored to serve as the Chairman of the Electioneering Committee within the Mohave County Republican Central Committee. Our committee has set forth ambitious goals and objectives to advance our party's mission and achieve success in upcoming elections. I would like to take this opportunity to outline these goals and share with you our commitment to achieving them.

**Candidate Identification and Support:** The committee aims to identify and thoroughly support and help assist the Candidate Research Committee, Campaign Managers and District Directors vet potential candidates for office, providing them with support during their election campaigns. This involves seeking and helping to select qualified candidates and offering assistance to ensure their success.

**Fundraising for Objectives:** The committee seeks to generate consistent income for its "FREEDOM IS NOT FREE" initiative through various means, including the operation of a web site and web store with heavy emphasis on soliciting donations. This financial support we need is the KEY to rapidly advancing our objectives.

**Voter Registration and Party Affiliation:** The committee actively engages in registering new voters and converting non-Republicans to the party by encouraging them to switch their party affiliation from PND (Party Not Designated) or Independents to Republicans in addition Signing up Republicans that have newly moved to our area through the AZ GOP App. Supporting and working with our MCRCC voter registration director (Barb Pape) and all three District Directors.

**Recruitment of Precinct Committeemen:** The committee focuses supporting our active district directors on enlisting active precinct committeemen, who play a vital role in representing their respective precincts and promoting party activities. This is the absolute key, we need to be 1000 strong, however currently we can only have 625 PC's but as we grow our registered voters this number will increase, together we can achieve this objective with the understanding our biggest Asset is our active PC's.

**Accurate Data Analysis:** The committee places importance on obtaining and analyzing accurate statistics, ensuring a solid foundation of knowledge and informed decision-making.

**Branding and Communication:** The committee is responsible to work

with the Communication Committee with the working process of designing, printing, and managing our various digital properties to maintain consistent branding throughout the MCRCC. The Committee will help establish processes and procedures for other committees to effectively manage these properties, facilitating timely updates and information dissemination.

**On-Site Pop-Up Presence Teams:** The committee aims to have a visible presence at relevant events and locations, engaging with the public and promoting party values. ON-Site will be much more active and busy during election years.

**Parade and Event Support:** Collaborating with the communication committee and other involved organizations, the electioneering committee assists in maintaining and creating the county Float and providing other necessary support for parades and events.

**Collaboration with Campaign Managers:** The committee works closely with campaign managers of Republican candidates, providing guidance and support throughout the campaign period.

**Digital Marketing Alignment:** The committee coordinates and helps support the Communication Committee and digital marketing managers with the daily digital marketing and the voice of the MCRCC to ensure their messaging aligns with common goals that are consistent and effectively reaches the target audience on all channels.

Achieving these goals and objectives requires a strong and dedicated team. That's why we need you to join us in making a difference. By becoming an active member of the Electioneering Committee, you have the opportunity to contribute your skills, passion, and commitment to the success of our party. Whether you have expertise in candidate support, fundraising, voter registration, precinct organization, data analysis, communication, event planning, or digital marketing, your unique abilities will find a place within our committee. Together, we can amplify our impact and ensure Republican victories in Mohave County and Arizona.

Remember, "FREEDOM IS NOT FREE," and it is up to us to protect and preserve it. Join us in this noble cause. We look forward to welcoming you to our team.

**Yours in service, Ryan Busnardo  
Chairman, Electioneering Committee  
Mohave County Republican Central Committee**

## Committee Focus

- Political signs (receiving from candidates, placement and removing)
- Poll site presence (pop up tents at multiple polling locations throughout the county)
- Candidate support (assist republican candidates as needed with their campaigns)
- Candidate literature (obtain and distribute candidate literature throughout each district)
- Phone banking and walking schedules with each district, voter registration data analysis
- Help the Communications Committee with parades in each district

This committee is not reserved just for election years. Odd years will be preparing for election years. Be ready for election year by October of the prior (odd) year.

### Electioneering Committee Members:

Ryan Busnardo-Dist 3- **CHAIR.** [ryan@pmgcos.com](mailto:ryan@pmgcos.com)  
Valerie Medina- Dist 2.  
Denny Lang- Dist 1.

Robert MaWhinney- Dist 1.  
Susan Spangler- Dist 3.  
Robbie Adams- Dist 2.

# Committee Reports

## School Board Committee

All attendees gave a brief review of their background and motivation for joining the committee. David Diaz volunteered to be Vice Chair of the committee.

We discussed school board election's history in Mohave County. Current School Board make up and upcoming vacancies. Barbara Carpenter volunteered to facilitate an Excel spreadsheet to include Mohave County School Board members and their political affiliation. Barbara facilitated and provided the Excel spreadsheet to the committee board members on Friday May 5. The political affiliation of the various School Board Superintendents, along with other pertinent information, will be provided when available. Barbara provided this to the Committee on Friday May 5, as well as website addresses for the various Mohave County School Boards.

We will vet all School Board members in the upcoming elections and make sure all GOP confirmed candidates are 100% with candidate petition signature requirements. David Diaz will provide laptop Zoom capabilities for future Committee meetings (mtg venue permitting).

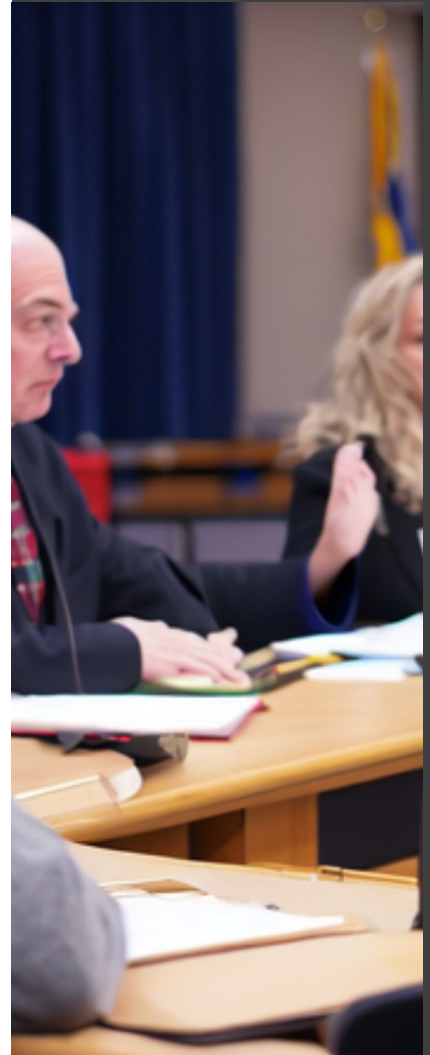

MCRCC PC teams will be asked to attend local School Board meetings when able. Feedback from attendance at these meetings will be crucial as we game plan to ensure Mohave County School Boards are transparent with agendas and school curriculum plans. We will verify the current situation of Representative John Gillette's School Curriculum bill #HB 2533. This bill mandates that all Arizona School Districts have their lesson plans available online. This bill passed in the legislature and as typical, was vetoed by Governor Hobbs. We will also verify that no Mohave County School Districts are utilizing equity-based grading systems. We believe that each student should be graded on their own individual effort and accomplishment.

It was decided that the School Board Committee will meet 1X monthly at this time.

Our next meeting will be the first Wednesday of the month. June 7, 2023. Future MCRCC School Board Committee meetings will be held at the Mohave County Library, Lake Havasu City branch in the Conference Room. Meeting time to be 4PM to 5:45PM.

Respectfully submitted by:

**David V. Diaz**  
School Board Committee Member

## Committee Focus

- Tracking all School Boards throughout the County, Grade school and Colleges.
- School Board Members, how many and what party
- Republican School Board Members and their performance
- Vacancy Calendar of all school boards
- Possible future candidates for school boards
- Candidate support for all Republican school board candidates throughout the county
- Advocate when necessary

This committee will be a year round commitment. This school board committee will be extremely important for Mohave County as a whole. This committee will find our school board weaknesses and turn it around Republican Style.

This committee will be in charge of any communications with our Superintendent of Public Instruction, Tom Horne or the Mohave County Superintendent of Public Instruction.

Accelerating conservative ideas to get more Republican school board candidates and respectfully advocating when necessary at school board meetings.

### School Board Committee Members:

Christine Simmons- CHAIR Dist 3. [c49simmons@gmail.com](mailto:c49simmons@gmail.com)

Barb Carpenter- Dist 1.

James Barber- Dist 2.

Jennifer Dahme- Dist 2.

Sean Berbower- Dist 1.

Kathryn Woodward-Dist 1.

Jacilyn Hamil-Dist 3.

# Committee Reports

## Candidate Research Committee

**T**he Candidate Research Committee is meeting regularly and making excellent progress. We'll have a full report at the Quarterly meeting. For the present, we have compiled lists of candidates who have filed with the Elections Department and are in the process of developing questionnaires to vet the various candidates. We are assigning members to each candidate, though we will not publish who is assigned to who. We also will not be designating favorites, but rather our goal is to elucidate where candidates stand on issues.

**Dr. Larry Schiff**  
**Chairman**  
**Candidate Research Committee**

## Committee Focus

- Vet every candidate that has filed to run as a Republican in any office for Mohave County and the state.
- Find potential Mohave County Republican candidates to run for office.
- Vetting and discovery of candidates as they file are to be presented to the Chairman and Precinct Committee members through quarterly reports.
- At the summer quarterly meeting, prior to the primary, in each even year, the committee is to present the Chairman and Precinct Committee Members with a "Candidate Report" of their possible candidate choices that could receive future MCRCC endorsements and a suggested donation amount to be dispersed.
- The summer quarterly meeting will include an action agenda item to decide donation contribution totals.
- Candidates could be from within Mohave County or from a Democrat stronghold anywhere in Arizona.
- A poll will be taken at the summer quarterly meeting and would include preferred candidates, with the consideration that the poll results can change due to the Primary election results.
- The Candidate Research Committee chairperson will present to the MCRCC Executive Board the final candidate suggestions immediately after the Primary Election.
- If agreed through a vote, the MCRCC Executive Board will have the MCRCC Treasurer send donations

This committee will be a year round commitment. Mohave County is very much admired throughout the state right now, this success is due to our hard work on election outcome, money making and our strong unity. It is very exciting to be recognized as the only county that donates to candidates outside their county lines. We need to make certain this accomplishment is continued for future elections, in hopes other counties start doing the same. This could lead to more wins for republican candidates all over the state. When the state wins RED, so do we.

# A Case for Twitter

## Mohave County Republican Central Committee @MCRCC2

Elon Musk's acquisition of Twitter has been met with mixed reactions, but there is no doubt that it has the potential to change the platform for the better. One of the most significant changes that Musk has made is the introduction of the new Community Notes feature. This feature allows users to post longer, more detailed content that can be upvoted or downvoted by other users. This is a major departure from the traditional Twitter format, which is limited to 280 characters.

The Community Notes feature is fair and unbiased because it allows all users to have a voice. It does not matter how many followers you have or how much money you make. Everyone has the same opportunity to share their thoughts and ideas. This is a major step forward for Twitter, and it is one of the reasons why everyone should join the platform.

In addition to the Community Notes feature, Musk has also made a number of other changes to Twitter. He has cracked down on spam bots and trolls, and he has made it easier for users to report abuse. He has also pledged to make Twitter more transparent, and he has said that he wants to make the platform a place where people can have open and honest conversations.

Here are some of the benefits of joining Twitter under Elon Musk's leadership:

- Musk has pledged to make Twitter a platform where free speech is protected. This means that users will be able to express their opinions without fear of censorship.
- Musk has also pledged to make Twitter more transparent. This means that users will be able to see how the platform works and how their data is being used.
- Musk is a visionary leader who is always looking for new ways to improve his products and services. This means that Twitter is likely to see a number of new features and improvements under his leadership.

If you are looking for a social media platform that is free, fair, and transparent, then you should join Twitter. With Elon Musk at the helm, the platform is poised for a bright future.

## How to Solve Problems

We want to share with you a simple but powerful method that can help you solve any problem in your life. It's called PDCA, which stands for Plan-Do-Check-Act. Let us explain how it works and why you should use it.

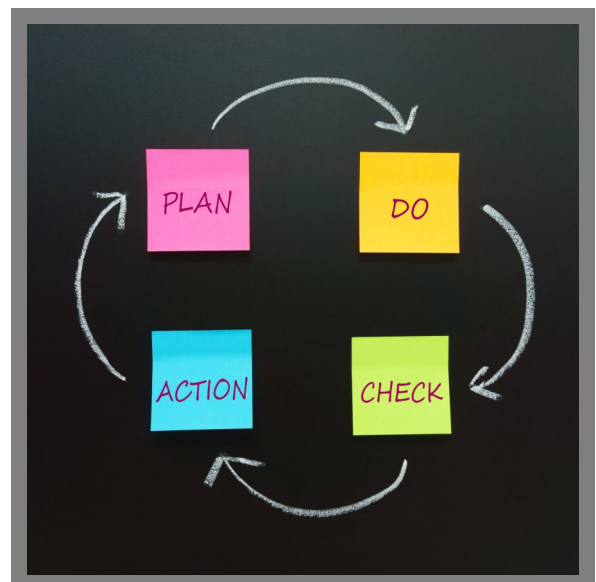

PDCA is a four-step cycle that helps you improve your processes and outcomes. Here's what each step involves:

- **Plan:** Define your problem, set a goal, and come up with a plan of action.
- **Do:** Implement your plan and collect data on the results.
- **Check:** Analyze the data and compare it with your goal. Identify what worked and what didn't.
- **Act:** Based on your findings, take action to improve your plan or standardize it if you achieved your goal.

By repeating this cycle, you can continuously learn from your experience and make better decisions.

PDCA can be applied to any situation, whether it's personal or professional, big or small. It helps you stay focused, organized, and creative.

So what are you waiting for? Start using PDCA today and see how it can transform your life. You'll be amazed by the results!
